PALESTINE, TEXAS, DECEMBER 23, 1903.

A MILEAGE STEAL.

The Austin Tribune thinks it has discovered a mileage steal on the part of congressmen, as follows:

"It is a contemptible little steal which congressmen have been perpetrating on the United States treasury in voting themselves mileage compensation for the extra session. They allow themselves, by virtue of a law which they take the liberty of stretching, 20 cents a mile for traveling expenses in going to and returning from Washington once during a session of congress. This is an absurdly extravagant allowance, since railway charges average little more than 2 cents a mile, and Pullman and eating charges en route would not bring the cost altogether up to more than 5 cents a mile at most."

It is claimed Carrie Nation is getting an income of over \$350 a week from her little hatchets. So there must be method in the old girl's madness.

A HOUSTON justice has decided that a white woman of that city died because she could not get cocaine, to which she had become addicted.

GIVE something to that poor fund. Send money, provisions, clothing, toys or anything you can or will, to the freight depot.

AND now the report comes from Chicago that more than a dozen people froze to death during the recent blizzard. The average Chicago citizen has a very hard time of it. He is either frozen or baked the year round.

THIS government went into the hold-up business when it wrested Panama from Colombia. The end may justify the means, but it is doubtful. It is no more right for a nation to turn robber than it is for an individual to turn robber. The civilized world demands honor among nations, as well as among men.

STRONG pressure is being brought to bear on Hon. S. A. McMeans to become a candidate for representative from this county in the next State legislature. The gentleman made this county a splendid representative a few years ago, and ever since he stepped down and out, his thousands of friends have been trying to get him back there again. It is reported he has the matter under advisement. The HERALD hopes he will become a candidate, for Texas has need of such men in its legislative bodies.

Revolution Imminent.

Fight Will Be Bitter

Those who will persist closing their ears against the continual recommendation of Dr. King's New Discovery for consumption, will have a long and bitter fight with their troubles, if not ended earlier by fatal termination. Read what T. R. Beall, of Beall, Miss., has to say: "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed. Improvement came at once and four bottles entirely cured her. Guaranteed by Moore & Ballew, Druggist. Price 50c, and \$1.00 Trial bottles free.
